

MMA Energy Capital, LLC

1755 Prospector Drive, Suite 202
Park City, UT 84060
T 888.807.0567

At **MMA Energy Capital**, a division of **MMA Capital Management** (NASDAQ: MMAC), we use our experience and expertise to partner with renewable energy developers, constructors and system owners to provide project capital necessary to develop and build world class renewable energy systems.

Our approach allows us to provide custom solutions around construction debt, development capital and permanent debt that enable our customers to effectively develop and build projects with the certainty that their capital needs will be met through an efficient and collaborative process.

MMA Energy Capital is seeking an ambitious and enthusiastic professional to provide **Associate or Senior Associate** support to our renewable energy finance business segment. As an Associate or Senior Associate in a small Company, you will be exposed to and have the opportunity to work with our deal origination, underwriting and finance teams in a variety of capacities in the renewable energy finance industry.

The Associate or Senior Associate you will have responsibilities which may include:

- Identify and cultivate key market relationships in the solar, wind or other renewable industries
- Screen new investment opportunities and determine response strategy
- Conduct market research including trade press and attend industry conferences
- Evaluate federal and state renewable energy incentive policy changes
- Develop collateral materials for potential borrowers and partners
- Review borrower history, project documents and summarize key points of transaction
- General due diligence on project and counterparties and prepare investment committee memos
- Develop financial model and perform sensitivity analyses
- Assist the deal lead with negotiating agreements and closing transactions

Professional Qualifications:

- Undergraduate degree from top-tier University preferably in Business or Engineering
- At least 3 years' experience in the renewable energy industry
- Self-motivated, self-directed and has the ability to independently manage concurrent projects and set priorities
- Strong interpersonal skills at all levels of management; excellent teamwork skills
- Advanced Microsoft Office product knowledge – Excel, Word, PowerPoint and Outlook
- Strong financial modeling, oral and written communication abilities
- Detail-oriented, ensures neatness and organization

This position will be based in Park City, UT. We offer a professional, results-driven environment and a comprehensive compensation and benefits package. Compensation is commensurate with experience.

To apply, please send your resume, including a cover letter to Energy@MMAEnergyCapital.com. No phone calls or agencies please.
